To qualify for kindergarten acceleration, the student must be **5** as of **September 1**. If the student meets the requirement, a parent/guardian may request that his/her child test for placement for first grade. I request that my child be permitted to take the Credit by Exam test for the purpose of accelerating to the first grade. I understand a student may be accelerated if he/she meets all the following requirements:

1. The student scores 80% or higher on all criterion-referenced tests for the grade level he/she requests to skip in each of the following areas:

* Language Arts * Math * Science *Social Studies

- 2. A school representative recommends that the student be accelerated.
- Credit by Exam deposits are \$25.00 per test (total of \$100 for all four), cash only. The exam deposits are refundable only if the student takes the test(s). The deposit will be returned to the students on their last day of testing.
