Natatorium / YMCA Facility

The natatorium project is a joint venture between Eagle Mountain-Saginaw ISD and the YMCA-Northwest campus. As part of the 2017 Bond Program, the district committed property off of Marine Creek (next to the new Marine Creek Middle School), along with \$5 million to fund the project.

- Dedicated swim team practice times throughout the school year, as well as times for swimming meets.
- Dedicated locker room spaces for our students and coaching offices.
- EMS ISD has naming rights to the natatorium
- Dedicated team entrance to the swim facility.

Project negotiations and specific details are still being determined; therefore, the final time for construction and opening of the new YMCA/natatorium project has not been established.

I really love that the vice principal is outside with music playing giving high 5s to the kids as they enter school @ Ed Wilkie!

I couldn't help but think to myself- those are the types of actions, as a school administrator, that makes the kids feel comfortable coming to you for anything!! I've seen lots of faces out there in the AM for drop off- but that's the friendliest!
